Circle Questions and Submit Other
Issues You Want Discussed

2

CLEAR 2011 Annual Conference September 8-10 Pittsburgh, Pennsylvania

**Potential Discussion Issues
You Decide!**

- What is the best method to conduct a job analysis?
- What should we tell a candidate who failed the examination by one point?
- What is the best method to set a passing score?
- Should we provide candidates with a percentage correct for each content area?

3

CLEAR 2011 Annual Conference  September 8-10 Pittsburgh, Pennsylvania

- What is the best way to present summary pass rates to the public?
- When my program calculates/reports item statistics, should we use only first time candidates or all candidates (including repeaters)?
- We have a small volume licensing program. What can we do to provide a defensible examination?

4

CLEAR 2011 Annual Conference  September 8-10 Pittsburgh, Pennsylvania

- We are starting a new licensing program which does not allow grandfathering. What issues need to be considered?
- What are the issues and potential pitfalls in adapting/translating our examination?
- Should our Board place restrictions on the number of times a candidate can take the exam?
- What is the biggest threat to exam security today? What is the best way to keep our program secure?

5

CLEAR 2011 Annual Conference  September 8-10 Pittsburgh, Pennsylvania

- What are alternative formats to traditional multiple-choice questions?
- What is on the horizon in the next five year that will affect the testing process for licensure and certification?
- Use the reverse side of the question sheet to write in additional questions, issues, or scenarios you would like the panel to discuss.
- Submit to registration desk by Friday 5:00 pm.
